

## STROKE DESTINATION PROTOCOL

**Time of Onset Known** 

Otherwise transport to

closest stroke facility

Otherwise transport to

closest stroke facility

#### SUSPECTED STROKE:

- Determine TSO: TIME OF STROKE ONSET1
- Determine LSN: LAST SEEN NORMAL<sup>1</sup>
- Determine TSN: TIME SYMPTOMS NOTED1
- Perform VAN assessment

**LERN Communication Center** 1-866-320-8293

# **Guiding Principles:**

- <sup>1</sup> When stroke is witnessed TSO, LSN, and TSN are the same.
- <sup>2</sup> Additional transport time is calculated by considering drive time from scene to each facility.

## Stroke Facility Definitions: \*Endovascular Capable

- \*CSC: Comprehensive Stroke Center
- \*TSC: Thrombectomy Capable Stroke Center
- \*PSC-E: Primary Stroke Center with Endovascular (May not be 24/7. Contact LCC to verify)

**PSC: Primary Stroke Center** 

**ASRH: Acute Stroke Ready Hospital** SCOED: Stroke Capable Off Site ED

## STROKE DESTINATION PROTOCOL

#### SUSPECTED STROKE:

- Determine TSO: TIME OF STROKE ONSET1
- Determine LSN: LAST SEEN NORMAL1
- Determine TSN: TIME SYMPTOMS NOTED1
- Perform VAN assessment

LERN Communication Center 1-866-320-8293

stroke facility

# facility if < 15 min<sup>2</sup> additional transport time

Otherwise transport to closest stroke facility

 Closest stroke facility with emergent MRI<sup>3</sup> capability if < 15 min<sup>2</sup> additional transport time

time

3. Closest stroke capable facility

## **Guiding Principles:**

stroke facility

- <sup>1</sup> When stroke is witnessed TSO, LSN, and TSN are the same.
- <sup>2</sup> Additional transport time is calculated by considering drive time from scene to each facility.
- <sup>3</sup> MRI 24/7 with tech call schedule for off hours and weekends

#### Stroke Facility Definitions: \*Endovascular Capable

- \*CSC: Comprehensive Stroke Center
- \*TSC: Thrombectomy Capable Stroke Center
- \*PSC-E: Primary Stroke Center with Endovascular (May not be 24/7. Contact LCC to verify)

**PSC: Primary Stroke Center**
